

MARTY SIMONOFF
STATE ASSEMBLY, 72ND DISTRICT

As a-veteran of law enforcement, I served on the frontlines of the battle against illegal immigration. That's why I will work hard to secure our border against illegal immigration, terrorists, and criminals.

Getting illegal immigration under control is the first step to getting state spending under control. Stopping the autopilot spending binge and holding politicians accountable is the next step.

That's why I worked with Governor Schwarzenegger's Team to support to reform the state budget process and why I pushed to give Governor Schwarzenegger more authority to cut wasteful spending.

As a member of the Brea City Council, I balanced every budget without raising taxes, increased reserves, kept overhead down, and helped save \$15 million in tax dollars by restructuring bond issues. I made the tough decisions to shrink the bureaucracy and cut waste.

In my nine years on the city council, I have never supported a tax hike. In the Assembly, I'll oppose all efforts to raise your taxes.

As a Police Captain, I supervised all patrol and investigative activities. I risked my life to keep our schools and neighborhoods safe. I'll continue my fight against crime, drugs, and sex-offenders in the State Assembly.

I'm a conservative Republican is endorsed by Supervisor Chris Norby, the Police Research Association of California, Brea and Fullerton Firefighter Associations, and Fullerton Mayor Pro Tem Don Bankhead.

Join my fight to stop illegal immigration, oppose higher taxes, and stop runaway spending.
